OVERVIEW

Multi-disciplinary designer with 10+ years of professional experience.

Confidently leverages voice of experience to influence and motivate cross-functional creatives in the fulfillment of visual materials across various marketing requirements and platforms.

Designs creative solutions from concept through execution with attention to project details, goals, technology, and time-lines.

Cognitively manages ongoing assignments along with team work tracks while applying design aesthetic and providing constructive feedback.

Effectively communicates and presents brand art direction, strategies, and design rationale in both the visual and verbal sense within both internal and client-facing environments.

Actively participates in collaborative environments with creative leads, designers, copy writers, UX, project managers, developers, technologists, and strategists alike.
